Considerable profit which might be secured through the proper classification of your business in the City Directory.

Intelligent Directory advertising describes desirable merchandise and directs to the door of the man who has it for sale. It supplements and complements all other forms of mercantile publicity.

Tie up all your advertising in the Directory, "The Perpetual Medium," by use in all your copy of the phrase—"We Are Listed in the Directory." Thus will interest aroused by your display advertising be extended and preserved for your benefit.

To be properly registered costs less than to be left out.
